SUMMARY

Skilled web developer with a strong foundation in information and computer science and a passion for creating efficient and user-friendly web applications. Experienced in using modern web technologies such as React, Next.js, and Google Cloud to deliver high-quality solutions. Proven ability to collaborate effectively with cross-functional teams and work on multiple projects simultaneously. Seeking to leverage my technical expertise and problem-solving skills to contribute to the success of a dynamic organisation as a web developer.

EDUCATION

BIS INFORMATION SCIENCE (CUM LAUDE)
University of Pretoria

📅 2020 - 2022   📍 South Africa

Bachelor of Science Honours in Computing
University of South Africa

📅 2024 - Present   📍 South Africa

EXPERIENCE

Junior Developer
PRINCIPAL'S CHOICE

📅 08/2023 - Present   📍 South Africa

- Stayed up-to-date with the latest web development trends and technologies, continuously expanding skill set to enhance team capabilities and deliver cutting-edge solutions.
- Utilised a wide range of technologies, including React, Google Cloud Platform (GCP), Docker, and SQL, to build and optimize internal tools and client-facing web applications.
- Actively participated in code reviews, providing constructive feedback and ensuring adherence to best practices and coding standards.
- Demonstrated strong problem-solving skills, successfully troubleshooting complex technical challenges and implementing efficient solutions.

TECH SUPPORT INTERN
Mojo ICT

📅 11/2020 - 03/2021   📍 South Africa

- Provided exceptional on-site and remote technical support to clients, efficiently resolving complex issues and ensuring high levels of customer satisfaction.
- Played a key role in securing at least two new clients by actively participating in service level agreement (SLA) discussions and offering valuable insights.
- Developed strong relationships with clients through effective communication and interpersonal skills, resulting in high client retention rates.

CASUAL WORKER
Grit Procurement Solutions

📅 11/2019 - 01/2020   📍 South Africa

- Efficiently packaged products for shipment, consistently processing an average of 50 orders per day while maintaining a high level of accuracy.
- Collaborated effectively with colleagues, fostering a positive team dynamic and contributing to a culture of mutual support and success.
- Demonstrated strong attention to detail, carefully verifying order accuracy and addressing any discrepancies promptly.
